

## About Dr. Becker

Lowell E Becker, M.D. was born and raised on a grain and dairy farm in northeastern Indiana. He graduated from Wheaton College and the Indiana University School of Medicine and took his postgraduate training in Pediatrics, Child, Adolescent and Adult Psychiatry at the Indiana University Medical Center Hospitals in Indianapolis, Indiana.

Following residency training he was instrumental in starting the child and adolescent psychiatry out-patient program at Marion County General Hospital in Indianapolis. He has held academic appointments at Indiana University School of Medicine in Indianapolis, Indiana and Emory University School of Medicine in Atlanta, Georgia.

Dr. Becker retired from clinical child and family psychiatry in 2011 after spending more than 40 years in academic, private practice and community mental health settings. He is the Founder and President of GreenHouse Publications ([greenhouse.gbf@gmail.com](mailto:greenhouse.gbf@gmail.com)) an organization that produces resources for parents, families, caregivers, teachers and youth leaders as well as other resources for personal psychological and spiritual growth.

Dr. Becker has authored and published:
